

UNIFORM

GUIDE

Pre-Nursery to KG

Beginning in late 2023, Beaconhouse gradually introduced an updated school uniform, reflecting not just a refreshed look, but our continued commitment to quality, comfort, and consistency.

This change reaffirmed our dedication to providing students with attire that is not only more practical, but also upholds the high standards that reflect the essence of the Beaconhouse School System.

The new uniforms were formally launched in 2025 as part of Beaconhouse's 50th anniversary celebrations and have been designed with students' well-being in mind, ensuring they are comfortable and suitable for all seasons. With the exception of a few winter-specific items, the rest of the uniform is intended for year-round use, eliminating the need for separate purchases for different seasons.

This guide provides a complete overview of the uniform to help parents access all essential information at a glance.
